Dear Mr Kantor,

Thank you for your letter of 15 April 2009, addressed to the President of the European Commission, Mr Barroso, who has asked me to answer on his behalf.

With the transmission of publications from the "International Luxembourg Forum on preventing nuclear catastrophe" you contribute to the ongoing policy debate related to nuclear energy. Your information has been received with interest and has been made available to the colleagues working in the field of nuclear security and safeguards.

Yours sincerely,

  
Massimo Garribba
